

MATERIAL SAFETY DATA SHEET

Product Name: Food Processing Organic Sludge
Chemical Name: Mixed organic waste - sludge fraction
Material: Organic Sludge (food processing origin)
CAS Number: Not assigned (mixture)

Section 2 - Hazard Identification

GHS Classification: Not classified for physical or health hazards.
Signal Word: WARNING (environmental precaution only)
May contain biological agents. Not classified as acutely toxic.

Section 9 - Physical and Chemical Properties

pH: 5.5 to 6.5
Flash Point: Not applicable (aqueous sludge)
Boiling Point: ~100 deg C
Density: 1.05 g/cm³

Section 13 - Disposal Considerations

Suitable for anaerobic digestion to produce biogas.
Compatible with composting if heavy metal content is within Taiwan EPA limits.
Potential reuse pathways: fertilizer, agriculture, biogas production.
